Mayor Brescia asked Atty. Dowd to provide a summation of the Introductory Local Law 1 of 2021.

Atty. Mayor Brescia opened to receive comments from the public.

Mr. Berger said he is in favor of the extension of the moratorium and hopes the Board considers adopting the said local law. He explained what happened with the Orange County Partnership Alliance meeting last Tuesday, they are talking about workforce housing in the Medline area and the Montgomery area. He made a copy for Trustee Lindner. He feels it's important that Trustee Lindner and the sub-committee get a full understanding of exactly what they are proposing. The workforce housing is quite a bit different than what the Town is anticipating and perhaps the Village.

BUSINESS COUNCIL OF GREATER MONTGOMERY

Randi Picarello presented the Board with a Business Council of Greater Montgomery (BGM); which they are hoping to receive a \$2,500 level membership to match the Towns contribution, of which they've also presented to the other two Village Boards.

She explained that the (BGM) has been incorporated since July of 2020 and their mission is to improve community relations, business to business support, invest in youth employment retention and workforce development. Build a strong business district in each of our three villages, highlighting the unique qualities of all. Keep in touch with the needs, concerns, desires of residents and business owners on our main streets. Market our area and its rich history and growing list of attractions as a weekend destination and a desirable community to keep your primary and secondary residence.

So far, notable contributions to our small businesses have included: Small Business Saturday, a Town wide event featuring approximately twenty local businesses. Five grand opening celebrations in the Village of Montgomery and the Town and three additional are scheduled in March. Wreath sales to drive business to a local family farm and keep our decorations uniform on Main Streets. Outdoor Holiday Boutique in the Village of Montgomery, a street fair designed to keep our retail shops front and center, an opportunity to advertise and sell gift cards, etc. All participants reported great sales that day.

The TOMSTRONG Farmers Market ran for fourteen weeks and was a COVID success.

Both reinvigorated the Community as School and the Work Based Learning Program at the High school to place interns at local businesses. Actively assisted in the TOMSTRONG Grants Program.

Established a trusting working relationship with most local businesses to encourage that more of our dollars are spent and reinvested in this area.

Created a brand and a marketing plan including a partnership with WALL radio and a strong working relationship with our local newspapers.

In addition, we have created a livestream to highlight local businesses and community leaders.

Completed a Placemaking exercise in all three villages that concluded with a walking tour and will continue to be a quarterly check in, to make sure we are all working together to support traffic safety and community beautification projects together.

Created a website to have in place for all of our businesses to go for information pertaining to COVID restrictions and relief, job listings, community events and municipal meeting calendar, catalogue of our livestream episodes, advertisement and cross promotion opportunities.

Embarked on the 112 Project to build a resource center with educational and membership opportunities to retain our youth employees and provide new options for existing workforce. We need to train a workforce that can support the development we want to attract.

Randi replied about two thirds of the Village Businesses are members.

Trustee Hembury asked what if any of the Village Businesses do not pay, what happens.

Randi said she will not exclude them from a Village wide event.

Trustee Hembury said a particular business mentioned that they are not being included.

Mayor Brescia said all of the Village businesses will be included in at village wide event, such as General Montgomery Day.

Trustee Hembury mentioned the Village businesses are welcome to bring anything in to be included the welcome packets for the new residents. The welcome packets include various information, such as upcoming events, coupons, gift certificates, menu's, business cards and things of this nature. A CodeRed is issued and letters are mailed to all of the Village businesses urging them to participate. We have had some good responses and hopes for more of the businesses to provide something to the welcome the new residents to the area. It's a free advertising for them. Again, he urges the businesses to participate and it costs them nothing but a few moments to drop the items at the Village Hall Clerks Office.
